Great News from the Office of the Chief

Chief Chet Brooks

We are very proud to announce that on January 11, 2016 the Delaware Tribe of Indians TAHKOXe2, LLC became SBA (Small Business Administration) certified. It has taken twelve years, since 2004, when our Tribe was last SBA certified. The last three years have seen much hard work on the part of our Tribal Attorney David McCullough, Tribal Economic Developer Tim Houseberg, and Tribal Member Jimmie Johnson, Manager of TAHKOX e2. All our Members should give great thanks to these three men. We would not have achieved SBA Certification without them.

On Monday, February 21, David McCullough, Tim Houseberg, Council Member Nate Young and I had dinner with SBA Native American Affairs Coordinator Nathan Segal. He presented us with the SBA coin pictured here to honor the Delaware Tribe achieving certification. Since then Jimmie Johnson and Tim Houseberg have met with SBA’s Kansas City Coordinator Nathan Segal. He presented us with the SBA coin pictured here to honor the Delaware Tribe achieving certification. We continued to achieve our third and fourth SBA contracts. The first and second contracts have been completed in Guam.

In addition to the Environmental Engineering & GIS Services provided by TAHKOX e2, LLC, we are nearing completion of negotiations for a hydroponic vegetable growing facility near Bartlesville and waste-to-energy projects elsewhere. We must be successful in some of these projects for our Tribe to prosper.

The second great news came on January 21, 2016 when BIA Solicitor Barbara Coen called and informed us that she had completed her Carcieri review on our Delaware Tribe and implied that the Carcieri court decision cannot apply against the Delaware Tribe. We met with Mike Black and Barbara Coen in Washington, DC on Feb 21 and have now received written BIA confirmation that Carcieri will not apply to us and that we can now proceed with Trust Land application after these unfortunate years of delay.

In addition to the above highlights most of our Council has met three times with the Lawrence, Kansas work group concerning uses for our Lawrence land. We continue to meet quarterly with the Cherokee Nation. Bonnie Jo Griffith, Nate Young and I attended NCAI midwinter meeting at Washington, DC in February. All National Congress of American Indians general sessions and most breakout sessions were attended. While in DC we also visited with Oklahoma Senator Lankford and his Native American Affairs staff, Senator Inhofe’s staff, and Congressmen Tom Cole and Jim Bridenstine’s staffs. I also visited with a Dept. of Energy representative.

Wanishi wuli kishku Sikan: I am thankful for this good Spring Day. GOD BLESS THE DELAWARE TRIBE AND ALL LENAPE PEOPLE.

Elder Community Garden: “Give them a bite.”

Lucy Young, our kitchen assistant in the Elder Nutrition program, has been placed in charge of the Elder Community Garden. About two months ago, the Tribe had a hydroponics model set up in the dining hall. Utilizing what has been grown, which includes lettuces, tomatoes and blue corn, Lucy has taken on the task of creating a community garden for our Elders to help with and to grow heirloom seeds for future use. The garden is located to the west of the parking lot near the Social Services building for easy access to the Elders who wish to assist. Lucy says that the garden has been tilled and they are waiting on soil samples which will come back the last week of March. They are getting ready to fertilize organically for preparation to move the hydroponics to the garden site. She said that they hope to accomplish the move beginning the first week in April; and is excitedly taking suggestions from the Elders and working with the almanac for this endeavor. The goal Lucy would like to see achieved in conjunction with the hydroponics would be that the growing season next year triple from this year. Canning possibilities and other suggestions are welcome so come check it out and thank Lucy for all of her hard work.

The first two weeks of 2016 brought some great opportunities to us. We started off the year on a great note! On January 11 we received word that our U.S. Small Business Administration’s (SBA) 8(a) Business Development Program certification had been received. Our nine-year program term began on January 10. This certification will certainly help as we work toward economic independence.

The Tribe is also now involved in the hydroponics business, and we certainly think this will be a great business that should generate much needed revenue. We hope to employ as many Delaware as wish to put in hard work. This not only helps the Tribe with revenue but will generate employment for Delaware and others. A “hobby” hydroponics display was set up in Forsythe Hall. Ate our first lettuce out of it – DELICIOUS!!

Chief Brooks, Councilman Nate Young and I attended NCAI Winter Meetings in February. While we were in Washington, D.C. we were also able to visit with Congressman Tom Cole’s Native American Aide, Congressman Jim Bridenstine’s Native American Aide, and Senator Jim Inhofe’s Aide. Additionally Chief and Councilor Young met with Senator James Lankford for coffee and then had a good visit with his Aide. We invited Senator Lankford and Congressman Bridenstine to come and visit with us here at the Center and have lunch with the Elders. They seemed very receptive to the idea.

NCAI itself was another good learning experience. I sat through several sessions which included youth programs, domestic abuse, and Carcieri. Additionally, Senator Lankford spoke during one of the General Sessions. He gave a great presentation and was one of the few Republicans who spoke during the conference. I feel like he represented Oklahoma and Indian Country extremely well.

As most can tell, the new Child Development Center is almost complete. We are all anxious to see the finished product. Congratulations to Sherry Rackliff to her staff on another job well done!

An Elder garden is being put in on campus, and Lucy Young is busy getting all of the things she needs for it. This should benefit our Elder Nutrition Program as well as put fresh produce on a few tables this spring and summer.

Through a joint effort by the Cultural Preservation Committee, the Elders Committee, the Tribe, and a donation, our wish for a stomp dance grounds is becoming a reality. This will certainly provide a place to host dances and cultural events right here on our property. I so appreciate the efforts of so many in making this happen.

For now I wish you all a great spring. May God bless our Tribe!

Wanishi!

Tribal Operations Manager Report

Allan Barnes

Hello! Delaware Tribe of Indians, spouses and friends. As I mentioned in our New Year’s edition, it is my wish this article finds you well and hopeful for the prospects of 2016. I feel that focusing on the positive accomplishments our Tribal Council, Trust Board, department heads, and staff have achieved certainly will be a benefit to us all.

Our staff recently completed an employee survey presented at our January All-Staff meeting and the results were extremely favorable and reassuring. Our team is proud of the work they do. As a small token, those that completed a survey received a small puzzle piece pin, which I have pinned to my ID lanyard. The purpose of this pin was to reinforce the idea that we are all a piece of the entire puzzle.

As a Tribal member, aren’t you as well? Of course you are, and that is how I feel, whether you are an Elder or Youth, active or not, and even those that have passed on before us. We are all part of our Tribe’s history.

Fortunately, our relationship with the BIA, existing grant funding agencies, and the Cherokee Nation seem to be at an all-time high. Respectfully, I want to acknowledge that has not always been the case, and I understand why some of our brave warriors and women may still carry a sense of distrust or even frustration if their hard work seemed to go to no avail. So, all I can ask is that we continue to push forward and continue with the progress we have made and thrive as the Lenape people. How? By working together toward a common goal.

Please pardon my getting personal, but I do want to thank all of you for your kind words and actual donations to the Education Scholarship Fund in memory of my father, Ray Barnes.

Now, onto what’s happening on our campus and around our Delaware Tribe. Good news! The AmeriCorps team arrived on February 19th, and by the time you receive this paper they will have completed their project on March 30th. As of this writing I can tell you that the experience with them has been outstanding. The individuals on this team were excellent workers! They accepted every job willingly and with a great attitude. Walter Dye and Lindsey Harris in the Chelsea Housing department were extremely complimentary.

On March 10th the Boys and Girls Club of Chelsea hosted an AmeriCorps appreciation meet and greet, which was attended by several Club Board Members, the Chelsea School Superintendent, Olly Starr of the 100-year-old Pocahontas Club, and Cherokee Nation Tribal Councilperson Keith Austin. The Lewis B. Ketchum, Boys and Girls Club of Chelsea has been a long-standing Delaware Tribe project of which we can all be proud.

As changes occur, we have to adapt to them. What do we look for, in justifying that change is good and beneficial to our Tribe? I mention the preservation of our Enrollment Department as one of our most important challenges. That is why, after careful consider-

It is about the time of year that our citizens think about running for office for one of the vacancies that will be on the ballot in November for Tribal Council and Trust Board. It is a good thing to have interest in the election and wanting to serve your tribe as an elected official. In a healthy Tribe, there are members who lead, those who are employed by the Tribe, those who are consultants, and those who serve as volunteers for the many programs and committees that function within the Tribe. Since I served so many years as a volunteer, as an elected councilwoman, and have been active in the culture and arts of our Tribe, I hope I can say a few words that will aid whomever aspires to get involved.

First, if you have never connected with your Tribe, volunteer to serve on a committee and go to monthly Tribal Council meetings. Listen and ask questions.

Second, if you have served on a committee and attended the bi-monthly meetings and observed, and you believe you are ready to run for a vacant office, get a copy of the Delaware Constitution, the Trust Document, and Tribal Court Regs. Read them.

Third, if you decide to file for candidacy, start as a tribal council person, a trust board member or a tribal court judge. Once you have been elected and served four years for one of those offices, then aspire to Chief, Trust Chair, or Head Justice.

Fourth, don’t be discouraged if you do not win the first time you run. Join another committee or volunteer for helping at an event or activity that the Tribe is sponsoring.

Fifth, don’t run for office if you have a grudge or an axe to grind. Don’t come with an agenda other than wanting to better the Tribe.

Sixth, be sure you work well with others. There is nothing easy or simple about serving in office. You can’t have a “victim mentality”, you can’t have a closed mind, and you have to earn the respect of the office you are thinking about.

Seventh, don’t expect praise or accolades for your service. Delaware are not known for much praise or atta boys. Sometimes you will be blasted and criticized severely.

Eighth, have the minimum skills of critical thinking, be able to type, do a lot of reading, and some travel.

Ninth, if you don’t run for office, remember that it is those in office who make the decisions, you won’t do that from the sidelines.

Tenth, if you have a degree in accounting, business, social welfare, or administration, perhaps you would be interested in working for the Tribe. The Tribe posts its employment openings on the Website.

I will be a candidate for Tribal Council in November. If you have any questions, please call me, 918-333-8865, and let’s talk.

Have a blessed day,
Annette Ketchum

Protect and Prepare

Kulamâlsihëmo hách? I hope this article finds you well and in good spirits. Because my last article covered constitutional questions, I want to take this opportunity to provide a few highlights of projects I am personally involved as a Tribal Council member. In preparing this article, I felt that two strong themes were evident: protection and preservation. These are two values I exercise in daily life and it stands to reason I would do this for our people.

One of the most important projects we were able to achieve last year was to obtain Section 106 guidance from the Caddo Chairwoman Tamara Francis-Fourkiller. As a result we passed a resolution to increase our consultation prices. Section 106 is a federal program assuring cell tower companies consult with us before building or adding to an existing tower on or near our historic lands. Increasing the consultation fee significantly advanced our Delaware Tribal Historic Preservation’s revenue stream. Originally, I was a consultant with the Delaware Nation in Anadarko where I witnessed why this program was critical to tribal development, and we hope to make these same beneficial strides to our language, culture, and history as the Delaware Nation. The Delaware Tribal Historic Preservation Office is preparing a resolution to assure the millions of dollars in annual revenues from these fees will return to the program as intended and we can strengthen our language, culture, and historic services. After all, the foundation of our people is our language and culture.

Along these same lines, in February and March 2015, we altered the path of a pipeline project that would have adversely affected our ancestral lands. I was able to achieve this due to my previous experiences working in historic preservation. To avert what would have been a disaster, I worked with the Delaware Nation and our Tribal Historic Preservation Office. This benefited our Tribe by preventing any destruction to our sacred site.

Recently the Tribal Council has shifted roles. In that regard, I was appointed to chair the Grant Steering Committee. Many of our members and leaders view this committee as one of the most important to tribal development. In that regard, you will be able to view the minutes and actions of this committee on our website and Facebook. We meet weekly with a clear objective and agenda. Grant writing has been a contested issue in our government, particularly “who” is writing and who much they should be compensated. Until a full time writer/planner is budgeted through an Indirect Cost process, the Grant Steering Committee will provide the guidance and processes of this position.

I bring close to thirty years of grant writing and development experience to the table. However, ample consideration should be given to address tribal needs before we can count on successful awards. Just as one example of preparation includes surveying our members for the strongest areas of need. Grant proposals are a science and are often need-based. For instance, many of our members would likely say a strong area of need are jobs. Yet, we cannot just say this without evidence. Therefore, please be ready to complete any surveys we send out. We could hire a very strong writer but lose a grant if our organization is not prepared and ready to meet the “needs” based on evidence.

Lastly, I want to relay how important each and every one of you are to our Tribe. Whether you live ten minutes, ten hours, or ten states away from our tribal headquarters, you have a voice. We want to know what we can do to better serve you.

Xu làpi knewël (I will see you again soon)

Ice and weather advisories might stop lesser men, but not one Delaware Tribal elder intent on staying fit.

The tenacity of one specific elder, Lewis Ketchum, is literally becoming the stuff of tribal legend. It wasn’t that long ago that the 102-year-old Ketchum braved the ice and cold to come into the tribe’s elder fitness classes. And not only that, but he went back home to get a neighbor that he brings to the elder lunches.

“We’re really proud of our elders,” said Delaware Tribe of Indians Assistant Chief Bonnie Jo Griffith. “They are really dedicated and they all seem to really like the program.”

“It’s good exercise and I enjoy it a lot,” Lewis said.

In addition to braving the weather, he’s usually there early for coffee and fellowship with the other tribal elders.

Charles Randall, who had braved the ice alongside Ketchum, says every Monday, Wednesday and Friday at 10:30 a.m., come rain or shine or worse, the elders enthusiastically make their way to the tribal headquarters and he, along with his wife Mary, are in the number.

According to Tribal Manager Allan Barnes, the tribe considers anyone aged 55-plus to be an elder but there are several octogenarians and even some nonagenarians. “We have people all above the 55 mark,” Barnes said. “Bonnie Thaxton will be 93.”

The workout routine features a 45-minute exercise video that includes chair exercises, weight training and balancing exercises. Lewis’s sons, Dee and the late L.B. Ketchum, both served as former Delaware chiefs, while his daughter Pat Donnell serves as an adviser to the Elder Committee. He says that he just wants to keep active.

“I’ve always been into sports,” he says. “I used to play basketball and softball back in the day.” He says he also participated in ballroom dancing, and doesn’t actually remember how long he’s been doing the elder fitness.

“Quite a while, and I plan to keep going as long as I can,” he said.

Delaware Tribe of Indians officials have announced a major step that could mean big things for the tribe.

“We’ve been accepted into the U.S. Small Business Development Program,” said Delaware Chief Chet Brooks. “This will make us eligible for certain government contracts.”

The program accepted the tribe’s newest LLC, Tahkox e2, which was announced in early 2015. The company is spearheaded by Jimmie Johnson and the tribal council.

According to Johnson, Tahkox e2 is “pursuing its aggressive penetration into the environmental engineering playing field it has already secured several commercial subcontracts.”

“This program will have resources available including assistance in getting funding,” he said. “We have been working toward this for a few years, and now that we have it the real work will begin.”

According to the Small Business Administration, the next step will be to schedule an orientation session that could take up to four to six weeks. The tribe will also be required to submit a business plan.

“This is probably the number one business initiative for Native American Tribes other than gaming,” Brooks said. “Some of the other tribes that have used this include the Cherokee and Choctaw.”

He said the tribe participated in the program in the early 2000s in the form of doing payroll for the Boeing Corp. and that the tribe has big hopes for Tahkox e2.

“This is a big step and it could turn into a huge opportunity for us,” he said. “We hope that this will eventually enable us to put more of our tribal members to work.”

Brooks said the credit for the announcement goes to members of the tribe’s staff.

“We couldn’t have gotten this without the hard work of Jimmie, Jim Halsburg and our attorney David McCullough,” he said. “We’re ready to get to work.”

**Indian Child Welfare**

*Sasheen Reynolds, ICW Program Coordinator*

Our Indian Child Welfare (ICW) program receives a variety of requests that we try to respond to as we continually attempt to develop our program. The first step our program takes is to always establish eligibility for enrollment for the child/children involved, and to act as liaison with our Enrollment Department. Our second step is to provide some basic assistance for those children’s parents, relatives, or Indian families. This program is continually looking for adoptive/foster parents and I am trying to build a more efficient database of prospective families. I appreciate your patience and ask you to contact me to verify that we have your information. Our primary goal is to keep our Indian children from being separated from family, relatives, or Indian families but as important as that is, we also want to keep siblings together.

We have a Crisis Assistance Program in the grant with the intent to prevent the break-up of Native American families in which children are identified as being at risk of abuse and/or neglect, or to reunify families who have been separated as a result of abuse and/or neglect. This grant is NOT intended to be a poverty assistance grant, but there are circumstances in which severe poverty could lead to the potential neglect of children. In that case the case would apply under the Crisis Assistance Program.

If you are in need or have questions please feel free to contact Sasheen Reynolds, Indian Child Welfare Coordinator at 620-879-2189 or by email. I will have to observe your situation and see if there is any assistance that we will be able to provide you with through this program.

I have recently moved to a new location and thus have new updated contact information. I am currently working in the Caney Office at 601 S. High St. Caney, Kansas 67333; my new phone number is (620) 879-2189. At this time I have not received my new fax number, but I will update as soon as I get the updated information. Thank you for being patient with me through this transition.

**Enrollment Department**

*Leslie Fall-Leaf*

The Enrollment Department is very proud of the progress we have made over the last couple of years, and hope we are not just meeting our members’ needs but are exceeding your expectations. Chris Miller and I have had the honor of working with a great number of you to provide enrollment cards, change your addresses when you move, your names when you marry, record the births of new babies, and the passing of your loved ones. The Delaware Tribe is now fast approaching 11,000 members world-wide and we strive to keep track of every single one of you. If you have any suggestions or comments that you believe will improve our level of service, please let us know. Comments, suggestions, and feedback are always welcome and should be directed to updates@delawaretribe.org.

As always, please be aware that new enrollment and replacement ID applications may be obtained by either downloading them from the tribal webpage or calling and requesting them from our office. Remember that the most effective way to ensure prompt and timely service is to make sure all requested documentation is included with your applications. However, due to the high cost of postage and the volume of applications we receive, there is now a $10 fee if you wish to have your documents returned to you through the mail. For security reasons we only send those documents via certified mail with a return receipt. If the fee is not received we will keep your documents in the applicant’s permanent folder. There is no charge if you pick the documents up in person.

Anniversaries were Eugene and Edna Fox on the 1st and Gilbert and Mary Watters on the 24th.

The Elder exercise group continues to grow with exercises on Mondays, Wednesdays and Fridays beginning at 10:30 am. Everyone is welcome to join in for the exercise and camaraderie. Lewis Ketchum at 102 continues to set the pace for the rest of us.

The Elders Committee provided transportation for various trips for the Elders, with our usual stop afterward at Braums for ice cream. On February 10 we went to the Cherokee Casino in South Coffeyville, and a trip to the Osage Casino in Skiatook is planned for March 21st.

We have changed food vendors and are trying many new items for our menu. We had chicken cordon bleu for Valentine’s Day, and recently had shrimp and frog legs. These as well as many other changes have been well received by our Elders.

We are excited about our upcoming Health Fair on Thursday, April 21 from 10:00 am until 2:00 pm at the Delaware Community Center. There will be fun, food and prizes and various vendors to promote good health and related issues. This is made possible through a MIPPA (Medicare Improvements for Patients and Providers Act) grant (Priority Area 2, Grants to Title VI Native American Programs).

Hope to see you at the Health Fair!

Department of Family & Children Services

Curtis Zunigha

The Personnel Committee recently restructured the organizational chart to join two programs under one heading. The new Department of Family & Children Services includes Child Support Services and the Indian Child Welfare Program. Curtis Zunigha serves as department director. Both offices are located in the Caney, Kansas administrative services building.

Child Support Services

The Office of Child Support Services is funded by a grant from the U.S. Dept of Health & Human Services/Administration for Children & Families/Office of Child Support Enforcement. The program assists applicants to obtain tribal court orders for child support payments. Our goal is to ensure both parents provide continuous financial support for their children. We promote functional co-parenting relationships to increase stable and self-sufficient families. We can locate non-custodial parents, establish paternity, transfer cases from other courts, modify and enforce court orders, and collect and disburse payments. Grandparents caring for children in the home may also be eligible to obtain child support.

The benefit of using our office is that paternity establishment ensures accurate tribal enrollment and inheritance rights. Tribal court jurisdiction allows more authority and flexibility in how cases are handled. And we use Native cultural sensitivity in administering every case. We can refer applicants to other offices and agencies to meet the need for other social services. Our office does not provide any legal services to applicants.

Child Support Services can man-age cases ordered in state courts or referred by state agencies.

The Child Support Services office is located at the tribe’s Kansas headquarters building at 601 High Street, Caney, KS 67333. The telephone number is 620-879-2109. Office staff includes Curtis Zunigha (Delaware), Director; Arleata Snell (Assiniboine), Case Manager; and Crystal St John (Cherokee), Financial Specialist.

Contact the Office of Child Support Services to obtain an application or download one from the tribal website: http://delawaretribe.org/wp-content/uploads/CSS-Application.pdf

Indian Child Welfare

The ICW program provides assistance to children who are being displaced from their home or are experiencing abuse in the home or are being deprived of essential living conditions. The goal is to keep families together and in a safe and stable home. Program funds can provide limited assistance in crisis situations. ICW is funded by both federal and state grants. The Program Coordinator is Sasheen Reynolds (Delaware), phone number (620) 879-2189. For more details, see her article elsewhere in this issue.

Anita Mathis

Hey, Tribal Members, friends and family! Hope all are ready for spring. Looks like winter is over (that is what winter we had). Artifacts along with pictures and documents are still being donated; thank you! We also had a donation from a tribal member and her husband of a wonderful new showcase which was put in Forsythe Hall. It has a display of some of our donated items and will be changed out every few months.

Stop by and check out all that is new in the Library. We now have 1006 books cataloged, ready to read and research. (Unfortunately at this time we are not set up to check out these books.) The gift shop has many new treasures. Check out our web site at www.delawaretribe.org; at the bottom is a tab for the online gift shop. Or stop by and check us out. We are always adding new items. We now have available, again, the book Talking Tombstones.

It is getting to be that time of year again. Our 52nd Powwow will be held this year on May 27th-29th. If you plan on attending the powwow and would like to place an online order from the gift shop, you may pick up your items at the powwow and save shipping.

As always, please bring in your pictures and documents, anything that pertains to the Delaware Tribe, to be copied and added to our archives to preserve and share with our future generations.

Housing Department
Ron Scott

The Delaware Tribe Housing Department has finalized the remaining documents for our HUD 2016 Indian Housing Plan (IHP) Block Grant programs. Our IHP was approved earlier this year, but as per HUD: “Funds for 2016 will not be available until Congress appropriates the funds and makes them available to the Office of Native American Programs. We will be notified as soon as funds become available.”

Here is a listing of activities we applied for in the 2016 IHP and a partial summary:

**Elderly Homeowners Rehabilitation:** to assist elderly homeowners who had either purchased or acquired their homes to make corrections and needed repairs to meet current codes.

**Housing Management:** preparation of work specifications for affordable housing, inspection for affordable housing, management of tenant-based rental assistance, mediation programs for landlord-tenant disputes for affordable housing, operation assistance for NAHASDA assisted units to include maintenance and utilities.

**Housing Services:** Operation for Native American Boys & Girls Club for housing counseling, youth activities for a large amount of low-income Native American families. The Native American families are generally from the families residing in our DTHD rental units in the Chelsea area.

**Rental Housing Rehabilitation:** two vacant Current Assisted Stock (CSA) rental units have been identified for major repairs which will bring them up to code for future occupancy.

**Modernization of 1937 Act Housing:** to include site improvement, relocation, environmental review of affordable housing projects and architectural and engineering plans.

**Delaware Acres Sidewalk Repair:** repair of the sidewalks at the Delaware Acres low-rent complex, which are in need due to buckling; replacement of standard sidewalks with level walkways to assist tenants of the low-rent complex and especially the elderly tenants from risks of injury.

**Down Payment/Closing Cost Assistance:** for eligible Delaware Tribal members the DTHD will provide financial assistance to tribal members seeking homeownership on the open market.

**Rehab Assistance:** for NAHASDA Assisted Units; low-rent units to include, but not limited to, HVAC, installation/replacement, window replacement etc.

**Mutual Help Repossess Rehabilitation:** two units are planned for substantial rehabilitation; the units have no funds in their Monthly Equity Payment Account (MEPA). After rehabilitation, the units may be reassigned to new eligible homebuyers. In addition, an appraisal will be conducted to determine reassignment; or conversion to rental units.

**Operation of 1937 Act Housing:** operation and maintenance-related activities of housing units developed under the Housing Act of 1937 as required by NAHASDA. The type of assistance includes administration and planning, insurance and general operation of the units.

**Operation/Maintenance NAHASDA Assisted Units - Rental:** maintenance and operation type of activities such as replacement of appliances, and/or other protective or preventative measures needed to keep a unit or its systems in working order. Assistance provided will be for low-income families residing in the rental units.

**Recertification**

The Delaware Tribe Housing Department had requested a policy amendment to the Tribal Council, and on February 16, 2016, the Delaware Tribal Council authorized and approved Resolution 2016-18. This authorized and approved the requirement that all applicants are to recertify every six months to remain on the waiting list, for any and all housing programs administered by the Delaware Tribe Housing Department (DTHD). The reasoning process is to certify every six months that: 1) you need, still exist for assistance, and 2) you are still eligible. If we receive no response or you are no longer eligible, your position on the waiting list will be removed.

If we are funded it will start in June 2016.

We have also been adding a number of sound files for Lenape words, which until recently have lacked sound files. Since February 2015 almost 6,000 additional sound files have been added. Most recently sound files recorded with Reuben Wilson in 1967 were added. The Lenape Talking Dictionary now has 16,500 word files and 1,800 Sentence files. In the Stories section, there are nearly 50 stories and songs.

**Newest Features**

Our computer programmers did a month-long analysis of usage of the Lenape Talking Dictionary. That gave us a report showing which parts were being used most frequently, number of hits, and how long people stayed on the website. Based on the analysis of usage, it was decided that two of the features that needed improvement were the Lenape Lessons and the Spelling sections. Previously it was not possible to add sound files to those sections. The programmers updated the sections and that allows us to add existing language class materials along with sound files to the Talking Dictionary so that tribal members and interested people are able to use the lessons for the purpose intended.

What’s New

The National Science Foundation DEL grant enabled us to continue making improvements to the Lenape Talking Dictionary. Our one-year grant was extended to two years and it ran out at the end of August 2015. We have applied to NSF for another small grant but we have not yet heard any results. If we are funded it will start in June 2016.

**Project History**

In 2002 the Lenape Language Preservation Project received a grant from the National Science Foundation to produce a dictionary database of Lenape. Much of the funding went to digitizing and preserving our existing audiotapes made in past years with native speakers of Lenape. The Dictionary was officially online in February 2006. The Talking Dictionary is a work in progress, and we continue to convert audiotapes of Lenape speakers to digital format, from which we extract the Lenape words. These are then entered into the Dictionary and become immediately available on the Internet. We should mention that the sound files are not all of studio quality. Most were recorded whenever and wherever possible – sitting in someone’s living room, on the porch, etc. We always appreciate your comments about the Lenape Talking Dictionary. We will continue adding to the Grammar and Lessons sections so you can start learning how to construct sentences in Lenape.

**Obituaries**

**Herbert Barker**

*December 8, 2015*

Herbert Barker, 91, died on Tuesday, December 8, 2015, from pneumonia, surrounded by members of his family. He was born in Culver City, California to Herbert Barker, Sr. and Lucy Marie Goley, the first of four boys.

During the Depression, the family moved back to Oklahoma where his parents had been born. He was quite proud of his Indian heritage, which is from the Leni Lenape tribe and loved to tell stories of how he and his brothers played, hunted and fished in the woods.

After high school, he joined the Navy, where he proudly served on a Sub Chaser which participated in various major actions throughout the Pacific. He had many interesting stories about his time in the service which his family loved to hear. He was very proud to be included in the first Honor Flight from Ogden, Utah two years ago which took veterans to Washington, D.C. to see the memorials. He was excited to make the trip with his friends, Jesse Tracy and Malcolm Holt, along with the other veterans.

In 1948 he married Ruth Gas- sard, with whom he had three children, Lyn Elen Barker, Jan Louise Barker and John Anthony Barker.

He received his BA from UCLA while he and Ruth both worked to support their new family. At one time in his professional life, Dad worked for a company which had a contract with NASA where he was able to work with the seven original astronauts as they prepared for the Apollo program.

After he and Ruth divorced, Herb married Barbara Gillis. When he retired, they were able to travel the western part of the country, which he really enjoyed. They finally settled in Ogden to be close to his oldest daughter and her family. Herb and Bobbie were together until her passing in 2011.

Dad was preceded in death by his parents and his youngest brother, Keith. He is survived by two brothers: Norman Barker of Shelton, Washington and Ray Barker of Heavener, Oklahoma; his three children; ten grandchildren; 26 great-grandchildren; and many nieces and nephews.

The family would like to express their appreciation to the staff of The Gardens Assisted Living where Dad lived for five years and to the staff of Ogden Regional Hospital and the staff of Stonehenge of Ogden where he received excellent care. Also, we extend much gratitude and affection to Brandy Millward, Nicki Ninalga, Dr. April Krutka and Dr. Heidi Reganass of the Palliative Care Unit of McKay-Dee Hospital.

Services were held at Riverside National Cemetery in Riverside, California. In lieu of flowers, please send donations to Honor Flight, [www.honorflight.com](http://www.honorflight.com).

Riley Jace Brooks-Owings was born March 25, 2004 to Amanda Bertelli and Shane Brooks. He went to his Heavenly home on Tuesday, January 19, 2016.

Riley was truly an amazing young man. His smile was radiant and his laugh infectious. Riley loved basketball, PS4, tennis, and reading fiction and fantasy novels. He could build any LEGO set he wanted in a flash. He wanted to grow up and join the Marines, or become a LEGO engineer.

Riley loved his brothers and spent much of his free time playing with and guiding his younger twin brothers. He loved his mother very much and was protective of her. He loved singing to her.

He never met a stranger and always wanted to be everybody’s friend. He danced, joked and laughed his way into our hearts. The world needs more Rileys.

Riley is preceded in death by his brother, Zachary Brooks; great-grandfather Jerry First; great-grandmother Patsy Taylor; and great-grandfather Lonnie Harper, who cared for Riley daily and was his best friend.

A Letter to My Son

Dear Riley,

You are my everything, my heart, my rock, my biggest fan. You’re my sunshine. Your smile made my heart smile every day. You taught me what unconditional love is and I’m sorry this ugly world showed you different. You are my baby and I will hold you again one day. Until then, I will think of you every second of every day and I will try to hear your sweet voice guiding me.

You are amazing, my angel
Love,
Mom

Virginia Ann Infield Johnson
March 19, 1940–December 23, 2015

Virginia Ann Johnson passed away at her home on Wednesday, December 23, 2015 at the age of 75. Virginia was born in Bartlesville on March 19, 1940 to Gail and Ida Sarcoxie Infield. She grew up in Bartlesvilllum where she met her husband Rob-
Jerry went to meet Megan, told her about our unit, noticed she was interested in the Armed Forces. The NMAI has invited Native American veterans to give ideas for the memorial. On March 5, 2016, the Lenape Gourd Society and Lenape Color Guard was on duty at the Red Fork Pow Wow. The pow wow committee asked if we would host again next year. I said we would be honored to.

During the pow wow I was approached on behalf of a young lady, Cpl. Megan Lowry, U.S. Marine Corp, MP. She has seen our color guard and was impressed with our unit and asked if we let ladies join, and if so what are the requirements? I went to meet Megan, told her about our unit, noticed she was Native and asked if she was Lenape. She told me she is Cherokee/Creek. So I explained our associate member program and asked if she was still interested.

**Veteran’s Committee Report**

**Kenny Brown, Chairman**

I’ve received e-mail from TACOM, army donation program, I am very optimistic about our Veterans Committee getting the M1 rifles for our honor guard. The TACOM donation director did some research on our tribe and sent some additional forms for Chief Brooks and I to sign; they were returned to TACOM in January.

John Sumpter and I purchased and delivered the Winchester firearm safe to store the firearms when not in use.

On January 21, 2016, representatives from the Veterans Committee went to Choctaw Nation Community Center in Durant, OK to attend the National Native American Memorial discussion. The National Museum of the American Indian has been authorized by Congress to create a memorial honoring the service of Native Americans in the Armed Forces. The NMAI has invited Native American veterans to give ideas for the memorial.

Minutes of the Tribal Council, November 2015-March 2016

Tuesday, Nov 17, 2015
Community Center
Respectfully submitted by Nicky Kay Michael, Ph,D, Tribal Council Secretary

Called to Order: 5:40
Prayer: Annette Ketchum

Attendance
Chief Chet Brooks, Assistant Chief Bonnie Jo Griffith, Treasurer Benita Shea, Councilwoman Annette Ketchum, Councilwoman Michelle Holley, Councilman Nate Young.

Welcome Guests

Approve Agenda
Councilwoman Shea moves to approve. Councilwoman Ketchum seconds. All in favor.

Approve Minutes
Councilwoman Ketchum moves to approve with corrections or additions.

Chief Brooks has one correction. P. 3 regarding the Trust Funds. He says the Trust funds have recovered but he was referring to the Stock Market and would like that changed.

Councilwoman Holley seconds. All in favor.

Approve Financials
Councilwoman Shea moves to approve pending audit. Councilwoman Griffith seconds.

Councilwoman Michael asks about the Tribal Historic Preservation Office (THPO). It states $240,730.06. Does that include the $87,000 from the consultation?
Yes.

All in favor.

Unfinished Business
Tribal Manager: Allan Barnes states that there is a Department Head report and says everything is going well.

Housing Director: Ron Scott will be asking for resolutions next meeting.

CODE OF ETHICS PROPOSAL
This document will supersede the “Code of Conduct.” John Sumpter is recognized and requests that the Trust Board and Judges be consulted. He does not approve of developing rules without informing the rest of the leaders. He also disagrees with putting the Tribal Council members to hear complaints. That should be the Tribal Court.

Councilman Young states we are the legislators and Congress has the power to police its own members.

Nancy Sumpter is recognized. She agrees with John. She states the Tribal Council would have too much power and let the Court do its job.

Councilwoman Holley motions to table the Code of Ethics until the Trust Board and judges have the opportunity to review.

Councilwoman Shea seconds. 6 in favor 1 opposed (Young)

LAWRENCE PROPERTY AND APPRAISAL
Jean Lewis, CFO, reports that we pay $2,000 on the house and $2,000 on the land, which is assessed on the use of the land—agriculture.

Councilwoman Holley states that she asked for these documents due to the General Council members asking for the appraisal value.

CFO Lewis points out that this information is on the document.

Councilwoman Holley notes: $20,700 for the land, $248,700 for the house: For this year then, 23k, 10k, 15k combined is total tax appraisal amount. Big difference from the 1.2 million.

CFO Lewis points out that yes, this is correct. However, this is not fair market value which will not reflect what fair market would be.

Leslie Jerden is recognized. She has experience lending to agriculture businesses in the past. She explains how a bank would lend based on those numbers. A bank would lend by 15% above the tax card.

Lawrence Property appraisal: Tribal Manager Barnes is directed to obtain an appraisal.

New Business
RESOLUTION 2015-48: TO AMEND RESOLUTION 2014-48 ANTI-NEPOTISM POLICY
Tabled from October 7th.
Councilwoman Griffith motions to approve.

Councilwoman Holley explains that it reflects the verbiage in our Code of Ethics and removes entities and LLC.

Councilwoman Shea seconds. 4 in favor (Young, Griffith, Shea, Brooks); 3 opposed (Holley, Ketchum, Michael)

RESOLUTION 2015-60: TO HONOR THE SERVICE AND DEDICATION OF MEMBER, JAN BROWN
Councilwoman Shea motions to approve with correction of her name to Janifer.

Councilwoman Holley motions to approve a letter of support.
Councilwoman Shea asks Councilwoman Michael if she is personnel in the organization.

Councilwoman Michael states she will help with Lenape because they need a speaker but she does not get paid. Even so she will abstain.

Councilwoman Griffith seconds. 6 in favor. 1 abstaining (Michael).

COMMUNITY HIGHER EDUCATION
This organization is reaching out to Tribes in Oklahoma. They provide career-focused education and leadership skills. Their recent switch to non-profits enables them to provide a 25% tuition scholarship to any of our tribal members. We would need to sign an MOU.

Councilwoman Michael motions to approve.

Councilwoman Shea seconds. All in favor.

GENERATIONS INDIGENOUS
Councilwoman Holley explains that this is two-pronged initiative through the White House. The first is a Native Youth Challenge. The other is a Tribal Leaders challenge, which was discussed at NCAI. She would like to ask our leaders to join along with other Tribal Leaders to mentor and assist youth.

PERSONNEL
Councilwoman Shea motions to provide turkeys to each of the employees for Thanksgiving.

Councilwoman Griffith seconds.
All in favor.

Councilwoman Shea provides the new Holiday schedule for the employees, which includes 11 holidays. Delaware Day and Indigenous Day were removed.
Councilwoman Griffith motions to approve the Personnel Committee Holiday schedule.

Councilwoman Ketchum seconds.

All in favor.

The last recommendation is to provide a Christmas Party on December 18th for the employees. We will provide sandwiches and gift exchange.

Councilwoman Ketchum motions to approve.

Council Griffith seconds.

All in favor.

**Election Board**

Councilwoman Griffith motions for Edna Havens to be the Chair and Cass Smith to serve on the Board.

Councilwoman Holley seconds.

All in favor.

**Editorial Board Discussion**

Councilwoman Michael discusses developing an Editorial Board to safeguard and protect the *Delaware Indian News* and social media. As the Secretary, she is “charged” with communications so she wants to get the information out to tribal members accurately with as many checks and balances as possible. We are looking for members in the Tribe who want to volunteer. We do not have the capabilities to pay an employee to do this but there are likely tribal members who want to do it. We are developing our Twitter and LinkedIn account and it will take a team.

Councilwoman Griffith asks who is on it and states she thinks we need to decide who we want on it collectively. Do we want Trust Board members or a Judge?

Councilwoman Holley says she doesn’t think so. Her opinion of an Editorial Board is to take the control out of the hands out of our elected officials. She doesn’t want anything to do with it.

Councilwoman Griffith asks if that would that take Nicky out of it?

Councilwoman Michael states as the Secretary she is charged with overseeing it but she can’t influence it politically.

Councilwoman Griffith states that we need more time to think about this.

Councilwoman Michael states she has been asking for this for six months now and if we are going to continue to wait then at the very least for the DIN cc Greg and Dana on top of your submission to me.

The deadline for the DIN is December 10th.

Leslie Jerden asks if she can volunteer for the Editorial Board. Councilwoman Michael says she would be great.

**Other New Business**

Councilwoman Ketchum reads a letter and donation of $1,000 for the stomp dance grounds from Arlene Micucci.

Councilwoman Michael states that the Smithsonian is requesting to use the Popcorn song for an exhibit. Discussion revolved around the idea that the exhibit would become public information. Groups back East are taking the information from museums and appropriating it for themselves.

Councilwoman Ketchum asks if there is an upshot to assuring that our information is legitimately from our Tribe.

Attorney David McCullough explains possible alternatives, including copyright.

Councilwoman Griffith motions for Councilwoman Michael to return the call and assess whether the checks and balances are suitable to protect the exhibit.

Councilwoman Holley seconds.

All in favor.

Todd Weaver is writing from Latten, Pennsylvania, about the School District. He wants to propose that the new stadium they are building be named after the Lenape.

Councilwoman Griffith motions to have Councilwoman Michael return the answer cordially declining the offer. 6 in favor, 1 opposed (Ketchum).

Councilwoman Shee motions for executive session, 7:36.

Called to order at 8:06.

Councilwoman Griffith motions to adjourn, 8:07.

Unfinished Business
Chief asked for additional reports by staff to add to those in the packet and Tribal Manager, Allan Barnes, reported that the regularly scheduled directors’ meeting tomorrow (12/16) is cancelled and the next meeting will be the January meeting. He announced that on January 6, 2016, the police department in Bartlesville will conduct a shooter class in Forsythe Hall.

Child Enforcement Director Curtis Zunigha explained the status of the Kansas Department for Children and Families MOU. He said although it has been represented to the Tribal Council for review, he got a call and the attorney who worked on the MOU is gone and the new attorney wants some time to put her approval on the document, which Zunigha hopes will be ready by January, 2016.

He also reported that the MOUs with State of Oklahoma’s and Cherokee Nation’s departments for children and families will be completed soon for review by the Council. He explained that each entity and the Tribe must have the proper documents in place so as to transfer child enforcement cases to the Delaware Tribal Court.

The Code of Ethics which was tabled November 17, so it could be reviewed by the Trust Board and the Tribal Justices, was left on the table due to its not yet having been received by either group for review.

Michelle Holley reported that she has enlisted the Delaware Tribe into the Indigenous Native Leaders Youth Challenge and asked that she be appointed as the contact person for the organization, as the liaison between it and the Tribe. Motion made by Bonnie Griffith, seconded by Nicky Michael, passed 6 yes, 1 abstention (Holley). The Delaware Boys & Girls Club of Chelsea will be included in the Challenge.

Chief Brooks made a motion, seconded by Nate Young, to relieve Nicky Michael of the Office of Secretary of the Tribal Council while continuing to serve as a member of the Council. Lengthy discussion prevailed with several citizens from the audience questioning the change in officers. Councilwoman Michael had no desire to be replaced and a vote of 4 yes, 3 no passed; followed by a motion by Bonnie Griffith, seconded by Nate Young to seat Annette Ketchum as secretary. Motion carried 4 yes, 2 no, 1 abstention (Chief Brooks).

New Business
Resolution 2015-64 to approve Resolution 2015-67 to establish an unbiased and objective editorial board for the Delaware Indian News (DIN) and other electronic/social media under the secretary was read. It was stated that a social electronic media resolution was already voted December 1. It was stated that the duties of an Editorial Board for the DIN must be defined before it goes to a vote. Motion was made by Nicky Michael and died for lack of a second.

Resolution 2015-65 to change the designation of four homes from mutual help housing to rental units was read, motion made by Bonnie Griffith, seconded by Nathan Young, followed by discussion. Walter Dye, staff, and Ron Scott, director, of the Housing Program explained that mutual help housing are homes that are available for purchase by qualified Delaware and because four units have been empty for a prolonged time period the housing director is asking that those units be re-designated as rental units, as there is a demand for rentals. At any time and as needs change, rentals may be re-designated back to mutual help housing. The vote was 7 yes and carried.

Resolution 2015-66 asking for the 106/Historic Preservation (THPO) income from fees collected to be distributed to Language and Culture, 40%; Archives and Documentation, 20%; Museum and Library, 10%; THPO salaries, 20%; and Indirect Cost, 10% was read. Motion to accept made by Nicky Michael, seconded by Michelle Holley, with discussion following. Brice Obermeyer, NAGPRA Director, explained the fund’s uses. It was stated that had there been a quorum at the November General Council, this would have been brought to the floor. It was stated that the funds are now discretionary in use. It was stated percentages is a good idea and that at some time percentages should be designated for use. Vote was 2 yes, 5 no, and denied.

Resolution 2015-68 to establish an unbiased and objective editorial board for the Delaware Indian News (DIN) and other electronic/social media under the secretary was read. It was discussed that a social electronic media resolution was already voted December 1. It was stated that the duties of an Editorial Board for the DIN must be defined before it goes to a vote. Respectfully submitted by Annette Ketchum, Secretary

At 5:40 p.m. Chief Chet Brooks called the regularly scheduled meeting of the Tribal Council to order, with Annette Ketchum offering a prayer, leading in the Pledge of Allegiance to the Flag and calling roll. In addition to Brooks and Ketchum, Bonnie Griffith, Benita Shea and Nicky Michael were in attendance, with Michelle Holley absent. Chief Brooks welcomed the audience.

Ms. Griffith made a motion to approve the agenda with the addition of a third resolutions 2016-03, to be added under New Business; seconded by Mr. Young, and passed 4 yes, 2 no (Michael, Ketchum). December 15, 2015, minutes were approved with motion by Ms. Griffith, seconded by Ms. Shea, including a correction to Other New Business, Page 3, Item d. changing “American Law Center” to “Nation Institute Sister Organization.” Passed unanimously.

Unfinished Business
A motion was made by Ms. Griffith and seconded by Ms. Shea to accept the Code of Ethics for the Tribal Council. Discussion followed with questions from the audience regarding the Code and who wrote it. Chief Brooks explained that this Code of Ethics is for the Delaware Tribal Council only and not for any other elected body. It does not apply to the Judges or Trust Board. It was written by Mr. Young. This document supersedes the original Code of Conduct written by Tribal Court Judge Charles Randall. If the Court and Trust Board wish to prepare their own Code of Ethics, they may do so. Mr. Young offered his help. The motion passed 4 yes, 2 no (Michael, Ms. Ketchum).

The revised Tribal Seal Protection Ordinance was introduced as the next point of business. Attorney David McCullough spoke on the Seal, stating that three years ago the Tribe registered its Seal with the State of Oklahoma, but Trademark protection was not included. He said the cost of getting the Seal trademarked by his office is $650 for preparation and $385 for filing fee and this does not include defending it. Mr. McCullough suggested the Tribe hold off on sending the cease and desist letter until the TM was registered and then he can send a letter to offending group back East and include the serial and registration numbers to put the group on notice. We would have statutory protection. Ms. Griffith made the motion to accept the revised Tribal Seal Protection Ordinance and Dr. Michael seconded it. It was pointed out that there was an ordinance passed in March, 2015; both Ms Griffith and Dr. Michael changed their motions to include that the new ordinance will supersede the previously voted ordinance.

Motion passed unanimously.

New Business
Resolution 2016-01 to Approve the Pre-development Expense and Consultant Agreement for Hydroponic Development was read and motion made by Ms. Griffith, seconded by Mr. Young, with discussion following. Chief Brooks explained we are hiring a consultant to prepare needed paper documentation pertaining to the business. Consultant Chip Harriford, III will be paid approximately $10,000 plus $1,000 expenses and Mr. McCullough will receive the balance of $9,000. The business will most likely be in Caney, KS, adjacent to the Caney offices. This prospective business will allow the Tribe a 51% ownership position with no recourse financing and no collateral. The investment firm is United Commercial Mortgage of Sonora, CA. Passed unanimously.

Resolution 2016-02 to Establish an Unbiased and Objective Editorial Board was read and motion was made by Dr. Michael, but failed for lack of a second, with agreement that revision must be made and guidelines must be established first.

Motion passed unanimously.

Resolution 2016-03 to Establish Regular Tribal Council Meetings Every Tuesday Evening at 5:30 P.M. Beginning January 12, 2016, was read. Motion made by Ms. Griffith and seconded by Mr. Young. Questions and discussion followed. The resolution supersedes the previously passed meetings resolution. Motion passed 3 yes, 2 no (Michael, Ketchum), 1 abstention (Brooks). Motion by Ms. Griffith, seconded by Mr. Young was made to discontinue the Monday Conference Calls which are now being held. Passed unanimously.

The Tides Foundation Grant was brought to the floor and Brice Obermeyer reported on the meetings he, Anita Mathis, and Curtis Zunigha have had with the Delaware Nation of Anadarko, Delaware Elders and Cultural Preservation Committees, and the meeting to be held later this month in Canada with the Canadian Delaware. Dr. Obermeyer further reported that the Tides Foundation Planning Grant is due February 15, 2016, and Leslie Jerden, tribal member, is writing the grant at no charge to the Tribe. He said he wants the Tribal Council to make suggestions to Ms Mathis or send him an email. Mr. Zunigha added that he will have a resolution prepared for a Council meeting in February which he needs to accompany the grant application.

Chief Brooks spoke regarding the Brotherton Reservation in New Jersey. A report from Tom Julian is in the packet for each Tribal Council member to read. Chief believes the report is accurate. He explained that the Indian Non-Intercourse Act written by the U.S. Government establishes that Indian land cannot be taken or sold by anyone else and Chief Brooks included some of the history of the Brotherton Reserve. Mr. McCullough and Dr. Obermeyer both commented on the fascination of Brotherton.

Council took a 15 minute break, returning at 7:42.

Other Business
Ms. Griffith presented a form from Grand Gateway asking for the Tribe’s representative to its board and made a motion to re-appoint Rick Barnes, who currently serves as the representative; seconded by Mr. Young and passed unanimously.

Ms. Griffith reported that the Lawrence, KS, City/County Working Committee meeting has been scheduled for January 25, 2016, in Lawrence at 9:00 a.m. Motion was made by Ms Griffith and seconded by Mr. Young that she, Chief Brooks, and Mr. Young be appointed to attend the NCAI Winter Meeting in Washington, D.C. Motion passed 5 yes, 1 no (Michael). Dr. Michael requested that written and visual reports be provided to Council by attendees on return.

Brief discussion about Tribe’s Facebook admin person.

Jean Lewis, CFO, and Ron Scott, Housing Program Director, addressed the Tribal Council to report that bids are being let for new metal roofs on 14 units in Delaware Acres. This is part of the 2015 IHP, and of course, Indian preference is specified.

Respectfully submitted by Annette Ketchum, Secretary

Chester Brooks, Chief, called the meeting of the Tribal Council to order at 5:37 p.m. He asked Annette Ketchum to pray and lead the Pledge of Allegiance to the Flag. At roll call, Chief Brooks, Ms. Ketchum, Asst. Chief Ronnie Griffith, Treasurer Benita Shea, and members Michelle Holley and Nate Young were in attendance. Absent was Dr. Nicky Michael. Chief welcomed the audience, guests, and employees. The guest list included: Nancy Sumpter, Johnny Barker, Charles Randall, Mary Randall, Ron Scott, Anita Mathis, Paula Pechonick, Beau Watt, Anna Pate-Pechonick, Jean Lewis, CeCe Biggus, Dana Murrell, Jana Roth, and Allan Barnes.
Chief Brooks announced that the Tribe has received its 8(a) certification from SBA. He acknowledged Tim Houseberg, Point Person, David McCullough, Attorney, Jean Lewis, CPA, and the Tribal Council for the persistent work done to obtain 8(a) certification.

Motion was made by Ms. Shea, seconded by Mr. Young to approve the December 8, 2015 Special Tribal Council Meeting minutes, with a correction to delete “to” in the second paragraph. Motion passed 4 Yes, 2 abstentions (Holley, Ketchum). The January 5, 2016, minutes were reviewed and motion was made by Ms. Griffith, seconded by Mr. Young, and passed 5 Yes, 1 abstention (Holley).

Chief Brooks stated that on November 8, 2015, the Tribal Council attended a Strategic Planning Seminar and the outcome of that seminar is reported in the January DIN. He asked that all citizens read the article and volunteer to serve on one of the five areas that were covered in the DIN by calling him. The Tribal Council members volunteered to be responsible for one or more of the areas. They are: 1) Community and Social Services, Ms. Holley; 2) Grants, Ms. Holley and Ms. Shea; 3) Cohesive Tribal Council, Mr. Young and the entire Council; 4) Cultural Preservation and Language, Ms. Ketchum; and 5) Economic Development, Ms. Griffith, Chief Brooks, and Ms. Shea.

Suggestions made were: Ms. Shea believes one of the greatest needs is to have a full-time grant writer employed by the Tribe. Ms. Ketchum believes a budget needs to be prepared to determine how the Tribe will spend future income from economic development. Chief will attend a Teamwork Course to better meet the needs of a cohesive Tribal Council. Ms. Holley believes we should not forget that we have employees, namely Jim Rementer, who writes Language grants.

Jana Roth, an administrator and educator of 23 years and Director of Indian Education at Sapulpa, asked to address the Tribal Council. She said she has learned, as a member of the State of Oklahoma Council of Education, that the Delaware Seal is not included on the Oklahoma State Department of Education website with all the other tribes’ seals. She would like to have permission to have the Seal included and to also prepare a history of the Delaware to be placed on the site. Motion was made by Ms. Griffith, seconded by Mr. Young and unanimously passed. Ms. Ketchum will provide verification that the Delaware Tribe approves her actions.

The Council continued with the first item on the Action Log and discussed the Constitution Revision. Chief Brooks has read constitutions from the Cherokee, Chickasaw, and Osage Nations of Oklahoma and the Seminole Tribe of Florida as a way to become familiar with how other tribes’ constitutions compare to the Delaware Constitution and found the Seminole to be most similar, while the other three were different mainly in that they have an executive branch, the chief has veto powers and they have various grounds for removal from office. His point is that the Tribe should seriously consider constitution change with amendments, each stand-alone for voting, and dispense with total overhaul of the Constitution which would take about three years. Since he was presenting his opinions, Tribal Judge Charles Randall said he would like for the Tribal Council to all present their suggestions for amendments by January 19, and review the K.U. Law School suggestions for change and possibly use them as amendments. Judge Randall also said the information from the Native Nations Institute is available on-line for those who want to hear it. This was in response to Ms. Holley’s report of a conference call she, Dr. Michael, and Judge Randall had on January 7. Ms. Holley said that training modules are avail from the Institute at a cost of $60/pp and funding sources are available from BIA, ANA and NCAI, to name a few.

Mr. Young suggested that a thank you of some kind should be given to the law students who worked on our Constitution changes. A meeting for dinner to be held on January 24 in Lawrence is a plan that will be pursued.

It was noted that the Secretary of Interior ultimately must approve our amended constitution.

The list of Action Log items was discussed as follows:

**Surplus Assets**

Tribal Manager Allan Barnes reported that ads are on Facebook and the web site to sell the two vans to the highest bidder(s).

Motion by Mr. Young, seconded by Ms. Griffith, was made for Dana Murrell, Administrative Assistant, to advise Tim Houseberg he is on deadline to provide information as to the cost of getting the power washer repaired, sold, etc. Passed 3 yes, 2 abstention (Holley, Shea).

Ron Scott was asked to report on the Oologah land that is surplus. He said the survey is done, no appraisal is done, and there is approximately 8-10 acres that is zoned residential. We have no real estate agent at the present. The Delaware Housing Program has been blocked by the CNO from building on the property, although it is flat and has the utilities available. Mr. Scott is going to contact CNO Housing to see if it will purchase the acreage and report to Mr. Barnes by Friday January 15 because the Tribal Council would like to add this item to the agenda for the DTI/CNO meeting January 18.

**Carceri:** No action as Chief Brooks has been unable to contact Barbara Coen, Solicitor in WDC.

**Year End Money:** Mr. Barnes talked to Mike Longan at Miami Area Office BIA, and he was surprised that we have not heard the status of the funding and will get back to Allan this week.

**Grants:** The Violence Against Women grant questions as to if CNO will utilize the DTI for some portion of the grant is on the January 18 agenda for the CNO/DTI meeting.

Ms. Holley reminded that a Grants Steering Committee was established in July 2015 and to date has no grant guidelines or procurement procedures in place and she made a motion, seconded by Mr. Young to get these guidelines and procedures prepared by January 26. Motion passed 4 Yes, 1 No (Griffith), 1 Abstention (Shea).

**Solar Energy:** Thomas Boxley reported to Mr. Young that this is no longer an item.

**Election 2016:** Chairman Edna Havens has a copy of the 2014 Election Guidelines and she is searching for 2-3 more members for the committee.

**Lawrence Property:** Update is to get Mr. McCullough’s legal opinion with options for the Pine Lease on the Sod business. Allan affirmed that an appraisal would be forthcoming by the end of January.

A suggestion by Ms. Shea was made that the Tribe try to rent the house. Allan has not tried to rent it, as he has not been told to do so.

Ms. Griffith was appointed by the Working Group in Lawrence as the liaison between the Tribe and the City/County in Lawrence. A motion was made by Mr. Young and seconded by Ms. Shea that the Tribal Council affirm that. 4 Yes, 1 No (Holley), 1 Abstention (Griffith) Ms. Griffith said the Working Group has a grant to pay for the Tribal Council’s lodging and gas when traveling to Lawrence, KS.

**Roads:** Ms. Holley reported that the Roads director, Sylvia Dempsey, brought training materials to the Tribe in November and she is mapping the inventory on the list so as to confirm the list. (Barbara Street is not on the list; Ohio Street is) Ms. Holley is the point person w/Mr. Barnes for the Roads Grant for the Tribe.

Chief Brooks asked for a break at 7:28 p.m. The meeting was resumed at 7:38 p.m.

National Memorial for the Native American Veteran

John Sumpter

On January 21, 2016, representatives of the Delaware Tribe of Indians Veteran’s Committee made a trip to Durant, OK to attend a meeting concerning the Native American Veteran’s memorial that will be placed at the Native American Museum in Washington DC.

Hosted by the Choctaw Tribe at their complex, this was the first stop in a series of meetings with different tribal veterans concerning their thoughts and ideas for the long-overdue national memorial for the Native American veteran dating back to the Revolutionary War. The idea was to gather ideas and thoughts for the design of the memorial that is open to tribal artists and it was brought out that this is open to all artists and not only for Native American artists.

Choctaw Chief Gary Batton opened the meeting with a welcome and the basic background of this project, and then introduced Kevin Grover of the National Museum of the American Indian, who then introduced the advisory board that was put together. Luckily, one of our Delaware Tribal Color Guard is sitting on that advisory board: Debra Mooney, 23-year-veteran of the U.S. Army. Co-chair Jefferson Keel spoke, and gave the history and background of the bill that got the memorial started. He restated that all tribes will get to have input and all artists will get to submit designs for this memorial.

The meeting was then opened up and the veterans attending were able to stand and give their ideas on how this should be carried out. There was discussion on the formation of a traveling exhibit with the winning design. There was much discussion from the veterans there and some fantastic ideas thrown about on this project. Since the meeting was only two hours long, things wrapped up fairly quick but much was accomplished in the way of presenting this to the various tribes.

If any of our Delaware tribal artists have an idea for the design of this memorial, contact Kenny Brown, Susan Cade or John W. Sumpter c/o the tribal center, and we will get the contact information to submit your ideas to the advisory board.

Tribal members gather at the Lenape Language Class conducted by Jim Rementer (center), Language Program Director. The classes are held the second and fourth Mondays at 5:30pm in the Social Services Conference Room at Tribal Headquarters. Regular class members also include councilwoman Annette Ketchum (not pictured).
Treasurer John Sumpter reported the Trust balance as of September 30, 2015 was $3,989,656.64.

The October 31, 2015 balance was $4,114,056.90. That is an increase of $124,400.

Discussion: Wait till December’s financials before preparing the budget. Jean Lewis is recognized. Suggests estimating using last year’s budget so that the committees can work on their programs, then if needed reallocate.

Joe Brooks moved to approve the treasurer’s report.

Roger Stewart seconded the motion.
